Case No.:

Plaintiff,

CV 20-80221-MISC

v.

PRIVACY INVASION
UTILIZING
TARGETED HARRASSMENT

DEPARTMENT OF JUSTICE

UNITED STATES OF AMERICA,

Defendant

Notice is hereby given that Richard B. Jennings, Plaintiff, Pro Se v. Department of Justice United States of America, Defendant, as named above, submits this request for Injunction, through Complaint and Prayer to the Northern District Court, San Francisco California. [Civ L.R. 3-2(d), 3-9(a)] The District courts shall have original jurisdiction of all civil actions arising under the Constitution, laws or treaties of the United States. [28USC§1331] The Defendant, Department of Justice United States of

4 America, hereafter referred to as DOJ USA, will be notified and served
5 through the Northern District Court, San Francisco. [28USC§1391, 1402
6 FRCP 65] This request for a preliminary and then permanent Injunction
7 is made on the 11th day of December 2020, pursuant to [Civ L.R. 65-2,
8 FRCP 8A]. A request for Injunctive relief and judgment as mentioned is
9 hereby filed with the Northern District Court of California clerk. The Plaintiff
10 Richard B Jennings lives in the Northern District of California and is bringing
11 suit to a Federal agency for acts committed in an official capacity. Plaintiff,
12 Richard B. Jennings, hereafter referred to as just Plaintiff, would argue that
13 this request involves an exceptional case in which normal time requirements
14 hinder and normal procedure is made impracticable. [28USC§1657, FRCP
15 65] The Plaintiff submits that the actions of DOJ USA have had significant
16 effects in California and therefore the Federal Courts have personal
17 jurisdiction over this case. The amount in controversy, over \$75,000.00, still
18 to be exactly determined, gives this court Subject Matter Jurisdiction. The
19 Plaintiff requests any immunity for Defendant be waived.
20

21 I

22 The Plaintiff would welcome preliminary Injunctive relief pending full
23 consideration of this request for a permanent Injunction, to avoid irreparable
24 harm. Plaintiff requests provision as stated in [Civ L.R. 7-2(c)]. Good cause

1

3
4 is being demonstrated through the submission of police reports, letters,
5 emails and telephone calls, submitted as {Exhibit A}. The Plaintiff has made
6 numerous attempts to contact the Department of Justice both in his present
7 state of residence, California, and in Washington DC. The Plaintiff has also
8 written, mailed, faxed, called and emailed various agencies, and government
9 officials. Copies of letters, and emails are submitted as {Exhibit B}. The
10 Plaintiff's present situation warrants an Injunction because of the negative
11 influence created by the inability of DOJ USA to end the intrusion into the
12 private life of Richard B. Jennings. Plaintiff has had to report incidences of
13 targeted harassment to the proper agencies and the news media. {Exhibit
14 C} The Plaintiff states that his family and friends are in jeopardy because of
15 the nature of harassment being put upon the Plaintiff.
16

17 II

18 The communication involved in the targeted harassment and privacy
19 invasion can be thought of or heard as being in the "Middle". Threats,
20 sometimes malicious in nature, and private information is communicated in
21 the "Middle". The Plaintiff Richard B. Jennings' right to privacy and to be free
22 from targeted harassment, his Constitutional rights, are being grossly
23 violated. Without proper relief, serious or irreparable consequences will
24 result. The Plaintiff maintains that the right to privacy without harassment is
25
26
27
28

a fundamental, natural and personal right protected under the Constitution of the United States. [Bill of Rights]. The Plaintiff requests a hearing and jury trial on the merits of this case. [28USC, 42 USC§1983 FRCP 38(b), 65] An Injunction and final judgment would provide the means for Richard B. Jennings to be free from the Middle and help ensure that his family and friends not suffer any undue danger and or loss of reputation in the manner of the Plaintiff.

III

The Plaintiff Richard B Jennings files under the (Federal Torts Claim Act), waiving Defendant's immunity from intentional tort. Plaintiff establishes he has exhausted all administrative remedies {EXHIBIT B} and has no recourse except to request immediate Injunctive relief, and requests Prayer be awarded him. The Plaintiff requests that this court:

1. Issue a Preliminary and then Permanent Injunction enjoining and restraining Department of Justice, United States of America, its officers, managers, agents, employees, associates and all those in active concert or participation with them from the continued and further invasion of privacy and targeted harassment of the Plaintiff Richard B. Jennings.
2. Order DOJ USA to cease and desist the privacy invasion and targeted

harassment of Plaintiff in all 50 states of the United States of America and in other countries, including overseas.

3. Award damages and any other relief the Court may deem just and proper.

IV

The Plaintiff maintains that his right of privacy includes his right to be left alone, to be free from unwarranted publicity and to live without unwarranted interference by the DOJ USA. Interference into the Plaintiff's life has had consequences; Richard B. Jennings was employed by the US Government Department of Defense serving in the United States Air Force in Arizona in 1995 under President Clinton when the privacy invasion and targeted harassment first occurred. This deliberate and wrongful act, believed by the Plaintiff as sanctioned by the DOJ USA, caused his discharge from the U.S. Air Force, leading to his filing for bankruptcy in 2001, and made him homeless several times. The Plaintiff suffered and was involuntarily admitted into mental institutions, evicted from home, and incarcerated 2 times in 2005. The Plaintiff eventually brought suit on October 02 2006 case no. 06-06159. On doing so, the Federal Bureau of Investigations would admit no wrongdoing by the government, and the Plaintiff then appealed to the Ninth Circuit Appellant Court, case no. 06-16916 and finally appealed to the

1
2
3
4
5 Supreme Court of the United States of America on November 15 2006.
6 Certiorari 06-7879 was denied on Jan 06 2007. The Ninth Circuit court of
7 Appeals case no. 06-16916 filed on October 16 2006 was not dismissed
8 until August 21 2007. The privacy invasion and targeted harassment
9 continued however, so Plaintiff Richard B Jennings challenged the Courts
10 again, but suits were dismissed. The Plaintiff Richard B. Jennings' reputation
11 was destroyed. From 2010 thru 2020 the Plaintiff Richard B Jennings
12 experienced sporadic targeted harassment. In August of 2020 the Plaintiff
13 was again experiencing full outright targeted harassment and privacy
14 invasion. The Plaintiff has always maintained that he was in the Middle of an
15 FBI investigation which was investigating illegal activities and harassment
16 sanctioned by the Department of Justice United States of America.
17

18 V

19 The Plaintiff contends that the Defendant, DOJ USA had every opportunity
20 to take control of the Plaintiff's situation and thereby end the Plaintiff's
21 targeted harassment and privacy invasion. The Plaintiff has exhausted
22 all administrative options trying to get the Defendant DOJ USA to notice and
23 end their sanctioned harassment. The Plaintiff is in a dangerous position as
24 the harassment posed by the DOJ USA and/or its officers, managers, agents,
25
26
27
28

1
2
3
4
5 employees and associates continues at present. The danger has occurred,
6 still can and does occur, at his home in Santa Rosa in Sonoma County,
7 Marin County, San Francisco County, Monterey County, Sacramento, Santa
8 Barbara, San Diego and Los Angeles, and in California at large. It has
9 occurred in Reno Nevada, Salt Lake City Utah, Phoenix Arizona,
10 Washington DC, and New York city and other cities not mentioned. Also it
11 has occurred in the countries of Canada, England, Germany, Spain
12 Switzerland and other European countries not mentioned. The Plaintiff was
13 fleeing the U. S. and was seeking shelter in other countries. These actions
14 go way beyond the reasonable expectation of privacy which the Plaintiff
15 needs as a citizen of the United States. The DOJ USA ignored their duty to
16 act, and Plaintiff left the country to no avail.

17 VI

18
19 The Plaintiff maintains he is enduring a credible threat of violence and a
20 willful course of misconduct is directed at him that seriously alarms, annoys
21 and harasses him. The Defendant DOJ USA is the responsible agency for
22 having him under surveillance and monitored and makes it difficult for him
23 to get fair treatment from people and receive good services needed by the
24 Plaintiff. People are incited and told about his whereabouts, as heard in the
25
26
27
28

1
2
3
4
5 "Middle". This can occur while at his mother's house in Sonoma, while on
6 public transportation, when visiting stores, hotels, libraries or simply visiting
7 a place as a tourist. People then have the Plaintiff Richard B. Jennings at an
8 unfair advantage through foreknowledge of his doings and whereabouts. The
9 DOJ USA is the responsible organization to make sure this does not happen
10 and should not be allowed to omit it from their responsibilities. The Plaintiff
11 states that his privacy is invaded by unreasonable intrusion and
12 unreasonable publicity is given to his private life through use of the "Middle"
13 with specific intent to exploit. The Plaintiff would state this is intentional and
14 is objectionable to a reasonable person and has caused him much anguish
15 and suffering, the basis for this claim, through the (Restatement of Torts).
16 The Plaintiff would report these intrusions to the Federal Bureau of
17 Investigations and Department of Justice without success. The
18 legitimacy offered behind this conduct, caused by the DOJ USA's lack of
19 responsibility and care is unfounded and unheard of and continues to
20 threaten his peace and the peace around him.

21 VII

22
23 The Plaintiff is a person and private citizen of the State of California living
24 in the United States of America. The Defendant is the Department of
25 Justice United States of America, under and by virtue of the Constitution
26
27
28

1
2
3
4
5 of the United States. [28USC§501] The Federal Constitution provides a
6 realm of personal liberty, a zone of privacy, which the government may
7 not enter and results in a right of personal privacy. (American
8 Jurisprudence, Constitutional Law) This concept of ordered liberty, the
9 right to privacy, (Griswold v Connecticut, 1965) is not honored and this
10 continued threat is the Plaintiff's basis for the Complaint and shows good
11 cause in asking for a permanent Injunction and Prayer in the Northern
12 District Federal Court. [FRCP 8] The Plaintiff requests a preliminary and
13 permanent Injunction and Prayer against the DOJ USA for the
14 violation of his Constitutional right of privacy by virtue of Amendments
15 1, 4, 5, 9 and 14 within the penumbras of various provisions of the Bill of
16 Rights, which protects citizens from governmental transgressions of
17 certain fundamental rights.

18 VIII

19
20 The United States Northern District court of California has jurisdiction in this
21 Federal matter. [28USC§1391, §1402] The fore mentioned acts of the
22 Defendant DOJ USA, its officers, managers, agents, employees and
23 associates are despicable conduct within the meaning of the laws of the
24 United States of America and are done with deliberate disregard for the
25 rights of the Plaintiff, for the purpose of exploiting the Plaintiff and for the
26
27
28

1
2
3
4 purpose of increasing the Defendant's personal gains and profits at the
5 Plaintiff's expense.

6 VIII

7 Acts constituting invasion of privacy must be highly offensive to a
8 reasonable person. The Court recognizes if conduct is to be deemed
9 outrageous, so extreme in degree as to go beyond all possible bounds
10 of decency, it is to be regarded as atrocious and utterly intolerable in a
11 civilized community. The public interest is being ignored, abused and
12 damaged by not honoring the common good, and Plaintiff mentions
13 public safety is at risk. The Plaintiff cites the (Ethics in Government Act
14 of 1978) in response to the lack of responsibility and concern. The
15 Plaintiff submits that the general conduct of the DOJ USA causes
16 wrongful acts to be carried out in a cruel and unusual manner and that
17 any reasonable person would see and decide the same way. (American
18 Jurisprudence, Privacy)

19
20 The Defendant DOJ USA's course of conduct has been directed
21 specifically against the Plaintiff and is knowing, willful, not
22 Constitutionally protected and without legitimate purpose.

23 Prayer

24 The Plaintiff Richard B. Jennings requests judgment against the
25
26
27
28

Defendant as follows:

1. General damages according to proof to be determined at trial.
2. Punitive and exemplary damages awarded in an amount to be determined at trial. The Defendant's conduct shows bad faith and a willful and wanton disregard for the life and liberty of the Plaintiff.
3. All other relief that the Court deems equitable under the circumstances.

Conclusion

The Plaintiff states that a speedy decision, relief and final judgment would be in his best interest and mentions also it is in the public's best interest, so as to resume a normal way of life. The Plaintiff also submits there is a public policy interest in protecting the reputations of citizens. (American Jurisprudence, Privacy) An action for invasion of privacy is a right, privilege covered by [42 USC§1983, FRCP 65]. The (Privacy Act of 1974) which outlines fair information practices, states the privacy of an individual is directly affected by the

1
2
3
4 collection, maintenance, use and dissemination of personal information
5 by federal agencies. (The Freedom of Information Act) was created for
6 the purpose of allowing public access to official information
7 unnecessarily shielded from public view. The Defendant DOJ USA
8 knew that Plaintiff's information as collected by the Federal government
9 was not discoverable or was subject to privilege, and then proceeded
10 to obtain private information and disseminate the Plaintiff's private
11 information in the "Middle", regardless of consequences to the Plaintiff.
12 The Plaintiff requests a preliminary and permanent Injunction,
13 enjoining the Defendant and its officers, agents, employees,
14 associates and all those persons in active concert or participation
15 to cease and desist harassment of the Plaintiff and asks the Court to
16 consider the effect of denial of Injunctive relief on public policy and
17 public interests. The Plaintiff Richard B. Jennings needs to secure
18 employment and avoid another bankruptcy and maintain a place to live.
19 The permanent Injunction will help cease the danger of recurrent
20 violation of the Plaintiff's rights. For the foregoing reasons, the Plaintiff
21 Richard B. Jennings respectfully requests that this Court grant his
22 request for preliminary Injunctive relief pending full consideration for a
23 permanent Injunction, pursuant to [FRCP 65] and grant other relief
24 through Prayer.

To Police Headquarters SF

I am attaching 2 documents to this email. I write this as a COMPLAINT against the Santa Rosa PD. I did not think it a good idea to send this to the Santa Rosa PD because their complaint sheet does not allow for an extended complaint, and I am not sure they can handle it. I am claiming Targeted Harassment by the Santa Rosa PD. This means that I do not wish to speak to a police person but would rather talk if needed and give information needed to a non-police person.

I am in the Middle and what I mean is the ability to communicate using the Middle. When the police use the Middle it always results in me being harassed specifically and targeted to endure privacy invasions and sometimes threats to my existence. I give the examples of "Poison" for instance and "I don't care", "Prince of Piss", "Surprise", "Flush your Mama" to name a few.

I am asking for an injunction in Federal court because the targeted harassment by the police can happen anywhere in the US and even overseas in other countries. Santa Rosa, "however", is where I reside.

I have already had correspondence with IOLERO, and may follow up with them. Please honor my desire to have correspondence with non active police personnel.

Thank you for your time.

To the Auditor IOLERO

Hi,

My name is Richard Jennings and I reside in Santa Rosa CA. I contacted Jerry Threets office back in 2018. I had to apologize back then because I was not able to prove what it is I was making my complaint about.

Unfortunately I am again being made to endure targeted harassment at the hands of law enforcement here in Santa Rosa. My writing you now is probably overdue. I am in the Middle, which the cops use against the people, the county and in general the Northern District of California.

I am contacting you, IOLERO, because I do not trust a law enforcement person to check out my story and contact me. If this makes any sense at all to you please keep in mind the cops should not stop me or knock on my door for any reason. I am by the book and follow the law, there is no reason to.

I will follow up later. I will be contacting the Press Democrat also. "Prince of Piss" has been taken too far and I am tired of hearing it.

Thank you for your concern,

Richard Jennings

(LETTER

March 30, 2005

Dear Attorney General Lockyer;

My name is Richard Jennings and I live in Sonoma California at 160 Temelec Circle. I am the object of an FBI investigation which goes back to my Air Force days and still continues to present. I was setup in the Air Force while an air traffic controller to become the object of the FBI Economic Division, which uses people to further their goals. It was a black or secret division started by President Clinton and has recently come to light and noticed by people. Approximately 7 people have died being their object. This division has such corruption that it broke apart the FBI of present and has tainted almost all other governmental organizations with its influence.

I made my problem as an object of this FBI division more known recently and have been fighting for my life ever since. I have had to endure many attempts at getting rid of me, and it has occupied almost all my time since approximately August of last year to keep safe, trying to work out a solution. The FBI is presently working out its corruption problems but I am still constantly defending myself from the bad FBI that doesn't want to care about solving and answering to the problems it faces. Senator John McCain of AZ had a big hand in influencing the bad FBI and I think it is known there is a problem.

There are other Senators today who know of my involvement with the FBI including the senior Senator from Utah, who has done much in keeping the FBI's problem alive. Also the senior Senator from Washington is affected because she seems to struggle with how to deal with my situation. There have been a lot of problems lately with the bad FBI around here in Sonoma, especially the town. I have had to pay the price of their lack of regard myself because I was thrown in jail for 45 days because the FBI was too busy with its own problems. I went without food for 3 days in a row twice and was physically beaten up badly while in there. Governor Schwarzenegger can attest to knowing of me.

I just got out of jail on Friday the 25th of March. I am still waiting for the FBI to make official contact with me and rescue me from my present danger. I am out of money entirely (bankrupt) and don't even have a real place to stay because my mother is overwhelmed with what has been happening and I can't stay there much. Unfortunately, when I call the FBI, Sacramento and San Francisco offices, I get no promises ever, only the chance to have what I am going through recorded by them. My situation is very precarious because I have no money and nowhere left to run. Is it possible to collaborate my story so that I may receive help from them because I'm just not sure when they will actually do what is needed for me.

I have let the San Francisco news people here know of my situation, both with emails and telephone calls updating my situation. As I continue to hear and see nothing realistic regarding me I am forwarding this letter to several government agencies in hopes of getting the help I need, before there is another mistake and I have to suffer further. My Mom's telephone number is 707-996-2887. She doesn't know much because I wish to protect her and she can't handle much more. I thank you for your attention and wish you to know I hope for things to heal. I am pursuing a law suit against the government over this matter and hope to file it shortly so that I might get going myself. I await my rescue from the FBI.

Sincerely,

Richard B. Jennings

Dear Senator Feinstein,

Thank you for your reply to my letter I wrote, dated September 7 2005. I was basically informing you of my problem that the Attorney General of DOJ, Alberto Gonzales was not responding to me when I write or call him. I feel he has a responsibility to take care of the situation I am in, he is the government official that has the power and authority to end this long overdue FBI operation that now is very known here in California. It is out of control, making its presence known to the citizens of this state in a negative fashion, and it involves me when I do not wish it to.

I wish to ask if you would be so kind as to involve yourself on my behalf. This whole situation I am in started while I was in the Air Force, back around 1992. I was unfortunate enough to get involved with some people that had close knowledge of the then "secret" operation that the FBI was running. These people, the Kratzs, whom I have mentioned before, made me the target while stationed at Luke Air Force base Arizona while I was working as an air traffic controller. They intruded into my life while working on the base, keeping me the center of negative attention while working and even while going to church. They used Air Force resources to pressure me out of the military, and this was unjust. I feel the Air Force has some responsibility to me for compensation in this matter, as I have been a victim ever since, even up to this day. I have contacted the Veterans Administration regarding this matter, asking formally for compensation. This was back in June of 2005 when I filled out paperwork. I have since been getting nothing but stone-walled and have been denied any type of consideration, even though I mention that I am a broke, homeless veteran. They have now stated on the telephone, with nothing in writing, that they have 60 days before I have to file for an appeal.

I am in such dire straits, with very little money, and being harassed everywhere I go practically that I do not know what else to do except perhaps ask you if you could get them to see that I am not asking for anything that is unfair. I cannot wait 60 days and then appeal, I may be dead by then. It would be of great help to me if you would check into this matter. I have included the paperwork I have gotten after having filled out the application. Also included is my Air Force discharge paperwork. I am hoping that life in Washington DC is treating you well. I thank you for your time.

Sincerely,

Richard Jennings

Dear US Atty Gen Barr;

I am visiting Washington DC since Nov 5 2020 and staying until Nov 11 2020. I am ProSe trying to get case information I filed in the Supreme Court. I was followed here from Northern District of California Santa Rosa CA. I know this to be true because I deal with their garbage while in the Middle. I do not know what to do about them. They are COP/S and their people with them, that make it difficult here in Washington DC in the Middle.

Your very valuable time is appreciated concerned this matter.

Thank you for any assistance received.

Richard Jennings

EXHIBIT C 1 of 5

DOJ WASHINGTON DC

I cannot continue if there isn't something done. There are big and loud cops, and a ring leader behind me in the Middle. These are more cops, than they are DOJ. Do you understand? I heard "Keep it on Him" said by at least 2 to 4 cops together loud and big behind me directed at me. Cops that are as guilty as they come. Along with that a lot of pictures are being sent, which I don't care for and think a distraction.

The information given out in the Middle includes things like color of my sunglasses, type of truck I drive, people I know etc. Where does this information come from? Who is the connection making it possible for my information to get out to others and then the Middle using it?? I have a "Fall Guy" as he is known by, that has been found out by me. He seems to be the one that needs to come clean or arrested since he has the ability to make what I say outloud heard by others.

At the moment again, they repeat things I say outloud into the Middle. The deal was that can not be, and they are only allowed to repeat things said in the middle. Also I must be able to think without it being heard in the Middle. Who is responsible for the change in rules all the time? Another very guilty person?

I am mentioning this because of my Privacy Invasion lawsuit that was filed by me multiple times in Federal court. It will all come to the surface soon and it's the DOJ that is staying in line and being abused at the moment. If you can assist in things getting and staying better in the Middle it would be a good thing to step up. Recognition is a good thing if youre helping but the recognition I wish to give to those behind me will be done by my attorneys.

Here's to hoping it all matters in the end.

To Headquarters FBI

2 individuals in the Middle have decided to challenge my rights as a free and private citizen. One is a cop who can get loud and probably very big. He is so rotten he thinks it doesnt matter if he would get the death penalty for intruding on my rights and ignoring the FBI. The other is the type that works for a rotten cop and is the fall guy that makes my privacy invasion possible, allowing others access to my information. I do not want my information to be heard by those who are in, I have filed for privacy Invasion, although it was 10 years ago.

Yesterday was a day of change, and I am looking forward to enjoying it... there 445am it became too much on me. So I am continuing to push on through, reminding you that this is not to be allowed; on top behind me. The computer is Motive for the cops everywhere. They are not able to police themselves, in whatever state you decide this to be true. US Atty Gen Barr offers a way for it to be dealt with but I am worried about my active Investigation here and when I return to California. It does not end and will continue to effect others if you are too busy. I am fighting so that my situation can be resolved and a healing take place. The cops are not allowed to continue their game on me without me reporting them.

I realize today is Sunday and its more difficult to handle them . I will continue to listen and answer since I am still in the Middle.

When am I to be free of the Middle? When I return to Norther District of California there are outstanding issues to be dealt with. I start employment on Monday Nov 16 2020. I will see how I can live and still help. It is my home, I reside there.

Appreciate your help

Richard Jennings

To Office of AG Becerra

I left a recorded message on the comment line. Good to know this is available. I think there are problems with the PIU. Things went out of control several times today and the only way it could effect me like it did is because there were DOJ involved. Overall I am not complaining about anyone on top and behind me today. There are DOJ/cops that are around and they do this. I hope they can be removed from the Middle. I was however left 'open' to experience harassment; "Prince of Piss" sent right through the middle a couple times. The game got bigger and more serious as the day progressed today. Tomorrow I am going to be trying to get information on my past cases presented in Federal court. If Im not allowed to do this and continually harassed I will report the situation.

Thank you

Richard Jennings

To the I-Team

The cops will never give in so then people must make them give up. There is a fascist ideology that the cops have taken personal. The DOJ is affected by the cops, even the FBI. The motive for all these cops is the Computer. The Computer takes bribes, the cops make it possible. And the Middle, where I most always am is where its done.

There is a lure that has gotten worse over the years that the Computer is the answer to ambitions. This is the result of the cops pushing. It is how the backdoor got popular instead of application thru the front door.

And thats how a lot of cops do it. I think this is news. My answer is to take them to court. I am hoping to file by Wednesday 9 December 2020. I hope to see a favorable response. Sincerely, Richard Jennings
